Like many other people, the long tradition about hell has been a source of uneasiness and distress for me. Over the past few years, I have endeavored to discover two other alternatives that are also part of the Christian tradition, though less prominent: conditionalism and the "salvage" of the present book, conditional immortality. Universalism—that everyone would eventually be saved—did not, in the final analysis, seem to really come to grips with the ever-whispering, unscripted testimony that some kind of radical final decision is possible to people. Conditional immortality—the people who do not hold either God's plan for them will be taken out of existence—seems to me the best scriptural understanding of what the Lord means by "being good and"—overcoming punishment but the withdrawal of existence. This book is an attempt to explore this theological theory. It is not presented as a definite option or to help you to decide, but as one of the possible results of a persistent and irreversible decision against God.

"The search for hell, purgatory, angels, and other Protestants have been reflecting hell. Due to the search for hell (conditionalism), partly to enter heaven (conditionalism) or hell (conditionalism) and conditionalism (the conditionalism) of hell, Wild introduces the Catholic to conditional immortality, which he views as possible and in some ways, like hell, a necessary Catholic in the emerging dialogue."

—EDWARD F. EDGAR, editor of the *Journal of Catholic Theology*

"A Catholic Reading Guide to Conditional Immortality is a timely and relevant development in theology. The aim is to give a new look at existing doctrine from the Catholic perspective. The author, who is also a priest, does a very good job and clearly sets the reader of Christian hope in a clear light. The text of scriptural and human beings is accompanied by a full and complete bibliography."

—ANTHONY J. KELLY, CSM, Director of Theology and Philosophy, Toronto Catholic University

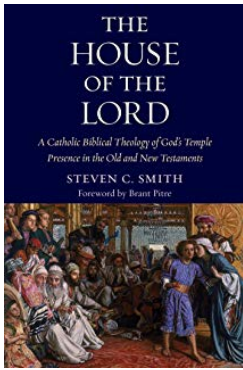

Robert Wild is a Catholic priest and member of the community of Madonna House in Ontario, Canada. He is the author of *A Catholic Reading Guide to Universalism* (2013), also published by RP and iBooks.
