Love, Sex, and Staying Warm: Creating a Vital Relationship
From internationally bestselling marriage columnist, Neil Rosenthal
Falling in love is easy...
The hard part is maintaining the deep love and passion over the years you're together. If you're not careful, sparks will cool down and love will fade away.
And if you're unable to quit that, a relationship that was once rock solid may begin to crumble and disintegrate. It's always how to keep the spark, or find that love that's never ending. That's the secret to a successful relationship: fueled by love, passion and happiness.
In *Love, Sex, and Staying Warm*, internationally renowned relationship expert and "relationship" host Rosenthal shares practical and actionable strategies to rebuild your love, strengthen your relationship and bring you and your partner back to the passionate love you once felt.
If you've felt that your relationship has weakened over time, or that the love and passion has begun to fade, this book is a manual for you and your partner.
Beginning with a guide to identifying if you are sabotaging your relationship, to an exploration of intimate relationships, to a detailed step-by-step journal of the book, it's a powerful tool to use in practice in improving your relationship. *Love, Sex, and Staying Warm* is designed to deliver results. Fast.
Each chapter is packed to the brim with the techniques author Neil Rosenthal has developed over his 20 years in giving advice and has shared in many media outlets such as ABC, NBC, and Fox TV.
Everything you need to handle criticism and how to overcome defensiveness to start evaluating your relationship and if there's more to be created inside.
You'll also discover:
How to jumpstart your love life
Why you're not in love again
How to get back into your confidence
How to communicate effectively when you're hurt or angry
How to be more confident
The top 10 ways to avoid relationship disconnection
Whether you are in a new relationship or have been married for a long time, this book will give you the tools and techniques you need to strengthen your relationship, reconnect intimacy, rekindle your love, and bring you back to love.
